# WE ARE HERE TO SERVE YOU!

**Robit provides the widest offering in top quality drilling consumables.**

Robit is a strongly internationalized growth company servicing global customers and selling drilling consumables for applications in mining, construction and contracting, tunneling and well drilling. We are **focusing on drilling consumables only (OPEX)** in global market. Despite the current global situation with #Covid19, we **answer your enquiries without delays, our deliveries from factories are uneffected and supply chain remains solid.**

The company's offering is divided into two product and service ranges: **Top Hammer and Down the Hole.** Robit has 13 sales and service points worldwide as well as an active sales network in over 100 countries. Robit's manufacturing units are located in Finland, South Korea, Australia and UK. We have references from mining & quarrying side e.g. in Super Pit / Kalgoorlie, Australia – South Deep / Johannesburg, SA – Ras Al Khaimah / UAE and Rosh Pinah / Namibia.

**Robit Strengths & Competitiveness are based on**

- Widest offering in top quality drilling consumables
- Customization based on customer needs
- Competitive pricing
- Global coverage and distribution network
